

Fine Art Dealing and Advisory

We deal in Impressionist, Modern and Contemporary art. Our eye for quality, knowledge, and high-end savoir-faire in the art world enables us to identify exclusive market opportunities. Being entrusted by a network of art dealers, private collectors and artists, we are able to personalize research and identify works that closely correspond to each client's requirements. Our dealing and advisory activities involve:

- Sourcing artworks from private collections, prominent art dealers and galleries
- Closely monitoring the auction market
- Attending art fairs with clients to provide guidance
