Fine Art Discovery Cocktail

We invite you to appreciate the most recent works by Swiss artist Yves Dana in a very exclusive environment. This exhibition will also include major works by Marc Quinn, Julian Schnabel, Fernando Botero and the Stern Brothers.

Yves Dana

Yves Dana is a Swiss artist currently living and working in Lausanne. He began working with iron as his medium and held his first exhibition in 1982. After years of exploring other materials, he began a long journey with stone in 1998, and since 2002 this has become his ultimate means of expression. Yves has hosted various personal and joint exhibitions, the most important of these being at the Guggenheim Museum in Bilbao, Spain. He has also taken part in various international exhibitions, including ART BASEL, ART MIAMI, FIAC Paris, Arco Madrid and KIAF Seoul.
